To Whom It May Concern

Dear Sir/Madam,

Typhaine Paysan-Lafosse is a staff member of the European Molecular Biology Laboratory, employed at the European Bioinformatics Institute (EBI) at Hinxton, near Cambridge (UK). She has been employed full-time as a Bioinformatician since 10.10.2016.

By virtue of the European Molecular Biology Laboratory (Immunities and Privileges) Order 1994 the Laboratory has been offered the status of an International Organisation by the UK government. As a consequence, its staff are exempt from all measures restricting immigration into the UK, from all alien registration and from registration formalities for the purpose of immigration control. Under Articles 15 and 17 of the Treaty, staff are also exempt from paying UK income tax or national insurance contributions on their EMBL-EBI earnings. Typhaine therefore does not have to make any contribution to UK income tax or national insurance from her EBI earnings. The EBI's employer tax reference number is 951/01/QQE1.

Should you require any further information about this matter, please do not hesitate to contact me.

Yours sincerely,

Nabiilah Hossen-Saib
HR Administrator
